

sphere™ 

25Lt Microwave Oven

Add Convenience to your RV with our Versatile Microwaves

With a 25Lt oven capacity and five power level settings, you're able to prepare a meal in no time!

A digital control panel allows you to view which settings are being used, as well as the 12/24hr clock. Defrosting frozen foods has been made easy - you can select to use speed or weight as a basis.

With a large 25L oven capacity and five power level settings, it allows you to prepare a meal in no time!

A digital control panel allows you to view and set your usage requirements, as well as display the ever handy clock. Defrosting frozen foods have been made easy as you're able to select whether you want to use speed or weight as the defrosting basis.

It also features one-touch express cooking, a glass turntable (which is dishwasher safe), an end signal and a child safety lock. Aesthetically pleasing, the interior is a crisp white.

HANDY TIPS

- Always keep the inside of your microwave oven clean. When food or liquid sticks to the inside walls, wipe clean with a damp cloth. A mild detergent can be used but avoid the use of sprays and harsh cleaners as they can stain, streak or dull the surface.
- The glass tray and roller ring should be removed for occasional cleaning, both are dishwasher safe.
