

Product Catalog

Campsmart is a family owned and operated business.

We grew up camping, with long spells in the bush free camping and trekking. This type of childhood kick started a love of the outdoors, travel and adventure.

As young adults we took this sense of adventure around the world, camping and trekking across the globe. From Spain to Bolivia and beyond.

Kids arrived and still we kept camping.

Several years ago we took our own camper trailer "Gary" on the road for several months. Without realizing it at the time, that trip started the beginning of a whole new adventure. Gary gave us time to think. We loved travel, we loved the outdoors, we loved adventure and we wanted to assist others to experience the same. We decided to throw caution to the wind and find a way to work in our passion.
